The 1999 CERN School of Computing

Stare Jabłoński, Poland, 12-25 September 1999

The 1999 CERN School of Computing is organised by CERN, in collaboration with Warsaw University and the Department “Internet for Schools” of the Foundation in Support of Local Democracy.

Date and Place of the School
The Twenty-second CERN School of Computing will be held in the Hotel Anders, Stare Jabłoński, Poland, from Sunday, 12 September to Saturday, 25 September 1999.

Stare Jabłoński is situated in the very attractive Mazurian Lake area of Poland, some 220 kms north of Warsaw. The Hotel Anders is a complex of several buildings, and is situated in a wooded area on Lake Szelaż Maly. The Hotel Anders has many facilities such as: lounge bar, summer snack-bar, billiards, sauna, mountain bikes, tennis court, volley-ball and football pitches, solarium, sauna, jacuzzi, swimming pool, table tennis, horse-riding, etc.

Participation
The School is open to postgraduate students and research workers with a few year’s experience in elementary particle physics, in computing or in related field. The number of participants will be of the order of 80, mostly from the CERN Member States or from laboratories closely associated with CERN, but a few may come from within countries which are not Member States of CERN.

Personal contacts and informal discussions among the participants during leisure time are an important aspect of the School. For this reason, participants are asked to note that they should not be accompanied by family members or friends.

Accommodation
Participants will be accommodated in the Hotel Anders, either in the main building or in one of the nearby annexes. All those participating in the School will be lodged in comfortable double rooms with private bathrooms.

1. The following are free of charge to participants: swimming pool, jacuzzi, sauna, table tennis, billiards.
Cancellation
The Advisory Committee reserves the right to refuse reimbursement of part or all of the fee in the case of late cancellation. However, each case of cancellation would be considered individually.

Replacement
In all cases of withdrawal or cancellation, whether last-minute or otherwise, the choice of a replacement, if any, will lie entirely with the Advisory Committee and not with the laboratory concerned.

Advisory Committee
W. Carena  CERN, Geneva
S. Cittolin  CERN, Geneva
F. Etienne  CPPM, Marseille (Chairman)
F. Flückger  CERN, Geneva
L.O. Hertzberger  University of Amsterdam, Amsterdam
A.J.G. Hey  University of Southampton, Southampton
R. Jones  CERN, Geneva
G. Kellner  CERN, Geneva, (School Administrator)
J. May  CERN, Geneva
P. Palazzi  CERN, Geneva (Scientific Secretary)
J. Turner  CERN, Geneva
C. Vandoni  CERN, Geneva
D.O. Williams  CERN, Geneva

Local Organising Committee
Z. Ajduk  Warsaw University, Warsaw
K. Doroba  Warsaw University, Warsaw
M. Krzyżanowski  Dept. "Internet for Schools" FRDL, Warsaw (Chairman)
J. Gajewski  Warsaw University
S. Rudnik  Dept. "Internet for Schools" FRDL, Warsaw (Secretary)
R. Sosnowski  Institute for Nuclear Studies, Warsaw
A. Wróblewski  Warsaw University, Warsaw

Enquiries and Correspondence
All enquiries and correspondence related to the School should be addressed to:
